

Easy & Effortless.

Consignment Details.

First off, we recommend phoning prior to dropping off items if you haven't consigned with us before.

If you'd like your items pre-approved for sale and unsuitable items returned immediately, please come in Monday, Wednesday, or Friday between 10am - 3pm.

Otherwise, drop off your clean, ready for sale items folded in bags and we'll price them at our discretion (*based on demand, roughly 1/3 of retail*); send anything unsuitable to charity (*unless otherwise agreed upon*); and start selling your items in about a week.

In order to consign with us, we'll need to accept a minimum of 15 items.

We accept Spring & Summer consignments from late January to June, and Fall & Winter from late August to December. Remember, the earlier in the season you drop off your items the better, as storewide sales occur at season end.

We carry only the most desirable women's designer mainstream and designer luxury clothing and outerwear, accessories, and jewelry purchased within the last two years. Based on customer demand, we only accept labels from Banana Republic and better.

Once your items sell, you receive 40% of the selling price—collectable in-person at any time by cheque—once inventory is updated. You can also apply any money owed to in-store purchases. However, we ask that you collect only once a month so we can give our shoppers the attention they deserve.

Terms & Conditions.

By dropping off your items you agree to all terms and conditions and authorize us to sell your goods at the prices we specify.

We can't guarantee the sale of your items.

We reduce prices 10% each month, sometimes at our discretion, and everything goes on sale in June and December.

We are not responsible for damage or theft to your items while in our store.

Everything you leave with us must remain in store for the entire season or we'll charge an early withdrawal fee for the service.

At the end of season we send all unsold items to charity without notice; if you want to collect your items beforehand you must arrange it with us prior.

It is your responsibility to manage your contract.

You have one year to collect any money owing after your contract expires.

'Thanks for choosing us! We won't let you down.'
